Admiral Sicard Telegraphed to
For a Report on the Maine.

MESSAGE ORDERED BY CABINET

Flagship Olympia of the Asiatic Squadron May Be Ordered to San Francisco—Torpedoblast Winslow to Join Key West Flotilla—Spain Fitting Out a Squadron.

Washington, March 5.—It was developed last night through telegraphic correspondence between Secretary Long and Admiral Sicard that the court of inquiry is unable to fix even an approximate date for the conclusion of its investigation into the disaster of the Maine.

Sharing the general anxiety for some information on these points, Secretary Long at the instance of the cabinet, sent a telegram to Admiral Sicard asking him when it was expected that the report of the court would be made and late last night the following reply was received:

KEY WEST, March 4. Secretary of Navy—Have talked with the president of the court of inquiry and agree with him that it is not yet possible to fix a date for the finding, as so much depends upon the progress of the divers and wreckers and the results they obtain. Every effort is being made to advance the inquiry. The court returns to Havana by the Mangrove this evening, having about finished the examination at Key West.

How the Message Is Regarded.

Admiral Sicard's message is regarded officially as disposing of the reports that the court has as yet obtained positive or conclusive information bearing upon the object of their investigation. It is taken to mean that upon the testimony of divers and wreckers the court will depend the finding, the examination of the officers and crew of ship having been insufficient to enable the court to even form an idea as to what lines may be opened up from the investigation of the wreck itself.

While the telegram was naturally somewhat of a disappointment, in leaving the termination of the inquiry as much in doubt as ever, it was welcomed as practically setting at rest the reports as to the results of the investigation up to date.

It is stated that the board in all probability will not return to Key West, the department having intimated that it was its desire that the examination of the officers and men should be conducted at this sitting, as they are needed for reassignment to ships.

May Be Ordered to San Francisco.

It is probable that the Olympia, flagship of the Asiatic squadron, and the peerless queen of the cruisers, will come home to San Francisco. The navigation bureau has this movement under consideration and in view of the fact that the ship has been three years away from a navy yard engaged in hard cruising service, even if there were no other reason, it is likely that the order will be given. The Olympia is a protected cruiser of extraordinary speed and endurance, with a battery strong enough to overpower almost anything short of a battleship and strong enough to run away from that or anything else that she does not care to fight.

The torpedoblast Winslow at Norfolk has completed her repairs and will join the fleet at Key West as soon as the gale on the coast blows itself out and makes the run down safe.

Naval Officials Interested.

Naval officials are deeply interested in the reports of the purchase of warships by Spain and make the reports of these transactions the text for complaints of the inability of our navy department to do likewise. However, as the report from London of the purchase of the Amazonas by Spain, it is

means pain, danger and possible death for some wives. For others it means practically no discomfort at all. There is no reason why childbirth should be a period of pain and dread. Several months before a woman becomes mother she should prepare herself for the critical ordeal. There is a preparation made which is intended for this purpose alone.

The name of this wonderful preparation is

said at the department that this vessel sailed for Brazil several months ago and has been delivered to the Brazilian government. Her sister ship is near completion in the Armstrong yards. They are useful cruisers, copies of the Barrosa, now of the Brazilian navy, and their strong point is their great radius of action—8,000 miles—which would enable them to cross the Atlantic and re-cross without renewing their coal supply.

Caused Comment at State Department.

The London reports also caused comment at the state department. In some quarters the feeling was expressed that pending the finding of a court of inquiry on a case having the international phases of the Maine explosion the obligations of neutrality were as strongly imposed on Great Britain and Brazil as in time of war. The precedents apply only to a condition of war and not to conditions which may eventually lead to war. In the Geneva award, however, unfriendly acts by Great Britain prior to the breaking out of the rebellion constituted part of the case on which heavy damages were awarded against her. But, as a general rule, foreign governments are free to sell warships either directly or through their citizens up to the actual date of hostilities.

SPANISH SQUADRON.

Fresh One Being Fitted Out at Cadix For Cuban Waters.

London, March 5.—A letter just received here from Madrid says it is definitely reported that a fresh Spanish squadron, destined for Cuba, is being organized at Cadix. It consists of four ironclads—the Carlos V, Pelayo, Alfonso XIII and another—several gunboats and a transatlantic steamer. Active work is also proceeding upon the torpedoblasts Prosperina, Andaz and Onda, and upon the torpedoblasts Habana, Retamosa and Barcelo, which form the second torpedoblast flotilla which Spain is sending to Cuba.

CONDITION OF TRADE.

Bradtrees Say All Signs Point to a Large Volume of Business.

New York, March 5.—Bradtrees' today says: Nearly all signs point to an unprecedented volume of business being done or arranging for at the present time. The aggressive strength of prices, record-breaking bank clearings and continued large exports, particularly of the lower priced cereals, a very heavy volume of business in iron and steel and kindred lines, and generally satisfactory reports as to the volume and spring trade at leading distributive centers are among the visible features of this trade development. Nearly all of the country's cereal products are higher in prices this week, as also some varieties of provisions, Bessemer pigiron, copper, raw cotton and tin. Trade is larger than usual at the central west, particularly in dry goods, groceries, boots and shoes, hardware, lumber and agricultural implements, the demand for the latter being a notable feature at nearly all markets. Spring trade has opened up well in the northwest and the jobbing trade is quite active.

STATE BUILDING.

Plan For Remodeling the Ohio State House to Be Dropped.

Columbus, O., March 5.—At a meeting of subcommittees from the house and senate committees on finance and on public buildings to discuss the various statehouse improvement bills it was definitely decided that the plan of remodeling the present statehouse should be abandoned; that a substitute bill providing for the erection of a supplementary building should be drafted. Senators Dodge, Garfield, Pugh, Cromley and Lutz and Representatives Clark, Haiden, Davis, Jones and McKinnon were appointed a special committee to prepare such a measure.

NO GOLD CONTRACTS.

Action of Lower House of the Kentucky Legislature.

Frankfort Ky., March 5.—The house of representatives has passed, by a party vote, an act to prevent the making of a contract payable in gold, and making such a contract null and void. Dr. S. Atwood Smith of Louisville, introduced the bill, and warmly advocated its passage. It is substantially a copy of the Nebraska law, and prevents the discrimination of either metal against the other, and declares both gold and silver legal tender in payment of debt on exactly the same terms.

Charged With Milholland's Murder.

London, G., March 5.—Mrs. Elizabeth Gregg, with whom Joseph Milholland lived just previous to his death, has been arrested on the charge of murder. Detective Maley Thompson swearing out the warrant. She was brought before Squire Bond and remanded to jail without bond until March 15, when the hearing will be held.

WIRE WISHERS.

An epidemic of "black blister" has broken out near Bombay.

The southwestern cattlemen will meet in Fort Worth, Tex., March 8.

The Hotel Graham at Huntington, W. Va., burned. Loss \$30,000. No one reported injured.

Leonard Feldman, a London physician, son of wealthy parents, suicided in San Francisco.

A Shanghai dispatch says England will occupy Wei-Hai-Wei, China, if Japan withdraws from that port.

William Brown of Greenville, Ill., 43 years old, killed himself by blowing his brains out with a shotgun.

Ball given at the Waldorf-Astoria, New York for the benefit of the widows and orphans of men killed in the Maine disaster netted \$3,500.

Lorenzo Barnes has been hanged at East Cambridge, Mass., for the murder of John Doan, a farmer 75 years old, on Dec. 17. Motive was robbery.

A. N. Hall, one of the richest men in Iowa, was almost ground to a pulp in a flour mill at Beluga. He got caught in a flywheel and every bone in his body was broken.

RUNNING VERY LOW

Governor's Contingent Fund Is Almost Wiped Out.

SUICIDE BALES A DEFAULTER.

Baby Burned to Death During Its Parents' Absence—Christian Church Convention—New Oil Company—Made Arrangements For His Funeral.

Indianapolis, March 5.—Governor Mount's contingent fund is being rapidly wiped out. Bills growing out of the Ripley county lynching have been the great source of drain. Government Detectives Smith and Burns have been paid and discharged. Smith operated an agricultural store at Osgood, backed by the state, and made some money, so the state's business venture was not very expensive. Constable Hunter, who arrested Hughes and brought witnesses to Cross Plains, sent in a bill for \$75, out of which he pays his assistants. It is not known what the next move of the state will be.

NARROWLY ESCAPED LYNCHING.

Indiana Man's Experience With Cowboys In Colorado.

Anderson, Ind., March 5.—A letter received here from White Horn, Col., tells of how U. H. Smith, formerly professor in the Anderson schools, who went west last year, came near being lynched. Two cowboys got into a fight last week at White Horn and Smith tried to pacify them. He succeeded in getting hold of the revolver of one of them and hid it. The gang was drunk and they believed he stole the gun. It was soon decided to hang Smith, and took all the persuasive powers of the sheriff and of Smith himself to convince them he was innocent of wrong intentions, but they succeeded, and the latter became the hero of the hour.

BABY BURNED TO DEATH.

Skirts Caught From an Open Fireplace During Its Parents' Absence.

Indianapolis, March 5.—The 3-year-old son of Joseph Hyball, who lives on the farm of J. W. Carter, five miles northwest of this city, was burned to death. The boy and his twin sister were left in the house by their parents, who were at work a short distance from the house. A wood fire was burning in a large open fireplace, and the boy who wore skirts, was caught in the flames as he played about the fireplace. He ran to a bed and climbed into it. The father and mother saw smoke issuing from the house, and running to it, found the boy dead in the burning bed. The little girl was almost suffocated by the smoke.

Violin Over Two Centuries Old.

Columbus, Ind., March 5.—Ernest Stahlhuth, the druggist, placed on exhibition yesterday a relic. It is a violin and is now nearly three centuries old. On the inner back casing is pasted a slip, upon which is printed the name, etc., "Petrus Guarrigius Gremoneus, son of Andricus, at Maninae, Sanctaetiae, 1616." This shows the fiddle to be 282 years old. It possesses a remarkably sweet tone. It was loaned Mr. Stahlhuth by Andy Becht, the owner, who values it at \$1,200. He has refused an offer of \$300 for it.

New Oil Company.

Indianapolis, March 5.—The Illinois Oil company, which proposes to enter the crude oil field in northeastern Indiana, has filed articles of incorporation with the secretary of state. The capital stock of the concern is \$200,000. The articles of incorporation set forth that the company proposes to sink wells, buy oil, lay transportation pipe lines, and do a general oil business. The incorporators are: D. W. Kimball of Chicago, Carl McFadden of Geneva, Ind., and Claire L. Kimball of Chicago.

Suicide Bales a Defaulter.

North Vernon, Ind., March 5.—J. H. Rogers, who was appointed by Auditor Hinchman as trustee of Marion township, this county, to fill the vacancy caused by the death of Charles E. Bales, who recently committed suicide, has filed suit against Bales' bondsmen to recover an alleged shortage of \$8,500. Several prominent politicians of the county are involved in the suit.

Made Arrangements For His Funeral.

Chesterfield, Ind., March 5.—James Gold, a retired farmer, is dead near here of jaundice. Mr. Gold was born near Cincinnati in 1817 and moved to Chesterfield in 1879. He was a member of the Christian church and two weeks ago engaged Elder Newhouse to preach his funeral. He even went so far as to select the text for the sermon and made all arrangements for his burial.

Christian Church Convention.

Logansport, Ind., March 5.—The congregations of the Christian churches of Miami, Fulton, Cass, Carroll, Howard and Tipton counties will hold their semi-annual convention in Logansport, March 16, 17 and 18. Some of the best speakers of the church in this state are to take active part in the proceedings of the convention.

Bloodpoison Caused By a Burn.

Shelbyville, Ind., March 5.—Several days ago William Winton engaged in a wrestling match with a friend, who was smoking a cigar which in some manner burned Winton on the chin. Nothing was thought of the matter at the time, and nothing done for the burn, which has now developed into bloodpoison and there are no hopes of Winton's recovery.

Robbed Students' Rooms.

Valparaiso, Ind., March 5.—A jury in the superior court found William Van Hyde guilty of burglary and committed him to the Indiana reformatory. He burglarized a number of students' rooms on College Hill.

TRI-STATE NOTES.

A. J. Leighton of Bowling Green, Ky., was killed by a log rolling from a wagon. The Indiana Science teachers are in session at Earlham college, Richmond, Ind. Richmond (Ind.) Natural Gas company has announced that it will raise its rates on May 1.

Charles Clarke, age 15, of Camlen, O., was kicked over the heart by a horse and instantly killed. A. H. Platt, a prominent farmer of Williamsfield, O., was struck by an express train and fatally injured.

While drunk William Leek of Prestonburg, Ky., had his brains crushed out by his horse falling on him. Will King, a Big Four brakeman of Brightwood, Ind., was seriously injured by falling from a train at Bellefontaine, O.

Mrs. Frederick Guetschau of Crown Point, Ind., suicided by jumping into a cistern. No cause assigned. She was 30 years old. Petition for a new trial in the case of Amos Riggs, under sentence of death at Maysville, Ky., has been overruled. Riggs will hang May 6.

Rev. Jacob Soter of Kokomo, Ind., has been fined in a squib's court for assaulting Dr. William Cooper, who recently attempted to collect a mortgage. George West has been reindicted at South Bend, Ind., for robbing a national bank of that city of \$15,000. West was a convict in the Northern prison when a previous indictment was found against him, and on the trial recently held the jury disagreed.

GUILTY OF FORGERY.

Former Treasurer of the Diebold Safe and Lock Company.

Canton, O., March 5.—Dominick Tyler has pleaded guilty to forgery of two promissory notes negotiated with the Union National bank of Massillon. Sentence was deferred.

Tyler was for years secretary and treasurer of the Diebold Safe and Lock company, and his removal was accompanied with allegations of forgery of the company's stock as well as forgery of names of stockholders as sureties on notes.

Tyler up to the time of these disclosures had been regarded as a wealthy man, and stood high in the community. He is the father-in-law of William J. Piero, the former mayor of the city, now held to answer for complicity in and having possession of property stolen in the late Massillon postoffice burglary. The estates of both men are believed to be insolvent.

WILL IGNORE THE EMPEROR.

Three Chinese Vagrants Will Direct Affairs in Yang-Tse-Kiang.

Shanghai, March 5.—A special correspondent of the Shanghai Mercury at Kiu-Kiang alleges that the viceroys of Nankin and Hu-Kyang have entered into a compact with the governor of Hanan to direct the affairs of the entire valley of the Yang-Tse-Kiang and the adjoining territories.

The Triumvirate proposes to govern this region irrespective of any orders from the emperor, who will be allowed no voice whatever in its affairs, thus virtually splitting China into two separate administrations.

This rebellion is due to China's allowing the Yang-Tse-Likin revenues, hitherto a perquisite of the Mandarins, to be used as a guarantee of the Anglo-German loan, which would mean partial European control.

CRETAN TROUBLES.

Reported That Russia Will Aid Prince George to Land in Crete.

Athens, March 5.—Russian Admiral Skrydloff, who will command the Russian squadron in Cretan waters, has arrived here and had an audience with King George, to whom he handed a letter from Emperor Nicholas.

A Constantinople dispatch says Admiral Skrydloff, who is on his way to Crete to take command of the Russian squadron, was not received by the sultan while here. It was reported at the palace that he is under instructions from the czar to embark Prince George of Greece and to land him in Crete.

Djevad Pasha, the Turkish military commander in Crete, has been ordered to oppose such an attempt with every means in his power.

NICARAGUA CANAL.

Edward F. Cragin of Chicago Perfecting a Syndicate For Its Construction.

New York, March 5.—Edward F. Cragin of Chicago is in this city perfecting the organization of a syndicate of capitalists for the construction of the Nicaragua canal. Mr. Cragin, in an interview, said that he was not organizing a new syndicate, but simply completing the work begun by him and L. E. Cooley of Chicago, when they took a party of engineers and contractors to Nicaragua to inspect the ground there.

Mr. Cragin says that the engineers are all agreed that the work is perfectly feasible and presents no engineering problems that have not already been solved. They are now figuring on the cost of construction and Messrs. Cragin and Cooley are arranging for the financing of the undertaking. The cost has previously been estimated at \$88,000,000 and at \$123,000,000. They are also arranging the details of a settlement with the old maritime company of Nicaragua and the Nicaragua company, under which the interest of these two companies will be assumed by the new syndicate.

Ships in South Coast Harbors Obligated to Put to Sea.

Havana, March 5.—A hurricane which swept over the port of Batabano, on the south coast of Cuba, opposite Havana, has done great damage. It destroyed a hut in which were quartered a number of soldiers belonging to the Castilian battalion, killing two of the men and wounding 25 others. Thousands of trees were swept away and the ships in the harbors were obliged to put hurriedly to sea in order to avoid being wrecked.

A Shattered Nervous System. FINALLY HEART TROUBLE.

Restored to Health by Dr. Miles' Nerve.

MR. EDWARD HARDY, the jolly manager of Sheppard Co's. great store at Braceville, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to a mere shadow of myself, and at last my heart became affected and I was truly miserable. I took six or eight bottles of Dr. Miles' Nerve. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

Admiral Sicard Telegraphed to
For a Report on the Maine.

MESSAGE ORDERED BY CABINET

Flagship Olympia of the Asiatic Squadron May Be Ordered to San Francisco—Torpedoboot Window to Join Key West Flotilla—Spain Fitting Out a Squadron.

Washington, March 5.—It was developed last night through telegraphic correspondence between Secretary Long and Admiral Sicard that the court of inquiry is unable to fix even an approximate date for the conclusion of its investigation into the disaster of the Maine.

Sharing the general anxiety for some information on these points, Secretary Long at the instance of the cabinet, sent a telegram to Admiral Sicard asking him when it was expected that the report of the court would be made and late last night the following reply was received:

KEY WEST, March 4.
Secretary of Navy—Have talked with the president of the court of inquiry and agree with him that it is not yet possible to fix a date for the finding, as so much depends upon the progress of the divers and wreckers and the results they obtain. Every effort is being made to advance the inquiry. The court returns to Havana by the Mangrove this evening, having about finished the examination at Key West.

How the Message Is Regarded.
Admiral Sicard's message is regarded officially as disposing of the reports that the court has as yet obtained positive or conclusive information bearing upon the object of their investigation. It is taken to mean that upon the testimony or discovery of the divers will depend the finding, the examination of the officers and crew of ship having been insufficient to enable the court to even form an idea as to what lines may be opened up from the investigation of the wreck itself.

While the telegram was naturally somewhat of a disappointment, in leaving the termination of the inquiry as much in doubt as ever, it was welcomed as practically setting at rest the reports as to the results of the investigation up to date.

It is stated that the board in all probability will not return to Key West, the department having intimated that it was its desire that the examination of the officers and men should be concluded at this sitting, as they are needed for reassignment to ships.

May Be Ordered to San Francisco.
It is probable that the Olympia, flagship of the Asiatic squadron, and the peerless queen of the cruisers, will come home to San Francisco. The navigation bureau has this movement under consideration and in view of the fact that the ship has been three years away from a navy yard engaged in hard cruising service, even if there were no other reason, it is likely that the order will be given. The Olympia is a protected cruiser of extraordinary speed and endurance, with a battery strong enough to overpower almost anything short of a battleship and speed enough to run away from that or anything else that she does not care to fight.

The torpedo-boat window at Norfolk has completed her repairs and will join the flotilla at Key West as soon as the gale on the coast blows itself out and makes the run down safe.

Naval Officials Interested.
Naval officials are deeply interested in the reports of the purchase of warships by Spain and make the reports of these transactions the text for complaints of the inability of our navy department to do likewise. However, as to the report from London of the purchase of the Amazonas by Spain, it is

Baby's Coming

means pain, danger and possible death for some wives. For others it means practically no discomfort at all. There is no reason why childbirth should be a period of pain and dread. Several months before a woman becomes a mother she should prepare herself for the critical ordeal. There is a preparation made which is intended for this purpose. It relaxes the muscles and relieves the tension. It is a liniment to be applied to every organ concerned in childbirth, and takes away all danger and nearly all suffering. The name of this wonderful preparation is **Mother's Friend**.

It is a liniment to be applied to every organ concerned in childbirth, and takes away all danger and nearly all suffering. The name of this wonderful preparation is **Mother's Friend**. said at the department that this vessel sailed for Brazil several months ago and has been delivered to the Brazilian government. Her sister ship is near completion in the Armstrong yards. They are useful cruisers, copies of the Bressa, now of the Brazilian navy, and their strong point is their great radius of action—8,000 miles—which would enable them to cross the Atlantic and return without renewing their coal supply.

Caused Comment at State Department.
The London reports also caused comment at the state department. In some quarters the feeling was expressed that pending the finding of a court of inquiry on a case having the international phases of the Maine explosion the obligations of neutrality were as strongly imposed on Great Britain and Brazil as in time of war. The precedents apply only to a condition of war and not to conditions which may eventually lead to war. In the Geneva award, however, unfriendly acts by Great Britain prior to the breaking out of the rebellion constituted part of the case on which heavy damages were awarded against her. But, as a general rule, foreign governments are free to sell warships either directly or through their citizens up to the actual date of hostilities.

SPANISH SQUADRON.
Fresh One Being Fitted Out at Cadix For Cuban Waters.

London, March 5.—A letter just received here from Madrid says it is definitely reported that a fresh Spanish squadron, destined for Cuba, is being organized at Cadix. It consists of four ironclads—the Carlos V., Pelayo, Alfonso XIII and another—several gunboats and a transatlantic steamer. Active work is also proceeding upon the torpedo-boat destroyers Prosperina, Audaz and Osada, and upon the torpedo-boats Habana, Retamosa and Barcelo, which form the second torpedo-boat flotilla which Spain is sending to Cuba.

CONDITION OF TRADE.
Bradstreet Says All Signs Point to a Large Volume of Business.

New York, March 5.—Bradstreet's today says: Nearly all signs point to an unprecedented volume of business being done or arranging for at the present time. The aggressive strength of prices, record-breaking bank clearings and continued large exports, particularly of the lower priced cereals, a very heavy volume of business in iron and steel and kindred lines, and generally satisfactory reports as to the volume and spring trade at leading distributive centers are among the visible features of this trade development. Nearly all of the country's cereal products are higher in prices this week, as also some varieties of provisions, Bessemer pigiron, copper, raw cotton and tin. Trade is larger than usual at the central west, particularly in dry goods, groceries, boots and shoes, hardware, lumber and agricultural implements, the demand for the latter being a notable feature at nearly all markets. Spring trade has opened up well in the northwest and the jobbing trade is quite active.

STATE BUILDING.
Plan For Remodeling the Ohio State House to Be Proposed.

Columbus, O., March 5.—At a meeting of subcommittees from the house and senate committees on finance and on public buildings to discuss the various statehouse improvement bills it was definitely decided that the plan of remodeling the present statehouse should be abandoned; that a substitute bill providing for the erection of a supplementary building should be drafted. Senators Dodge, Garfield, Pugh, Cromley and Latz and Representatives Clark, Haiden, Davis, Jones and McKinnon were appointed a special committee to prepare such a measure.

NO GOLD CONTRACTS.
Action of Lower House of the Kentucky Legislature.

Frankfort Ky., March 5.—The house of representatives has passed, by a party vote, an act to prevent the making of a contract payable in gold, and making such a contract null and void. Dr. S. Atwood Smith of Louisville, introduced the bill, and warmly advocated its passage. It is substantially a copy of the Nebraska law, and prevents the discrimination of either metal against the other, and declares both gold and silver legal tender in payment of debt on exactly the same terms.

Charged With Murder.
London, 9, March 5.—Mrs. Elizabeth Gregg, with whom Joseph Milholland lived just previous to his death, has been arrested on the charge of murder. Detective Maley Thompson swearing out the warrant. She was brought before Squire Green and remanded to jail without bond until March 15, when the hearing will be held.

WIRE WHISPERS.
An epidemic of "black blister" has broken out near Bombay.

The southwestern cattlemen will meet in Fort Worth, Tex., March 8.

The Hotel Graham at Huntington, W. Va., burned. Loss \$50,000. No one reported injured.

Leopold Feldman, a London physician, son of wealthy parents, suicided in San Francisco.

A Shanghai dispatch says England will occupy Wei-Hai-Way, China, if Japan withdraws from that port.

William Brown of Greenville, Ill., 43 years old, killed himself by blowing his brains out with a shotgun.

RUNNING VERY LOW

Governor's Contingent Fund Is Almost Wiped Out.

SUICIDE BALES A DEFAULTER.

Baby Burned to Death During Its Parents' Absence—Christian Church Convention—New Oil Company—Made Arrangements For His Funeral. Coopers on Strike.

Indianapolis, March 5.—Governor Mount's contingent fund is being rapidly wiped out. Bills growing out of the Ripley county lynching have been the great source of drain. Government Detectives Smith and Burns have been paid and discharged. Smith operated an agricultural store at Osgood, backed by the state, and made some money, so the state's business venture was not very expensive. Constable Hunter, who arrested Hughes and brought witnesses to Cross Plains, sent in a bill for \$75, out of which he pays his assistants. It is not known what the next move of the state will be.

NARROWLY ESCAPED LYNCHING.
Indiana Man's Experience With Cowboys In Colorado.

Anderson, Ind., March 5.—A letter received here from White Horn, Col., tells of how U. H. Smith, formerly professor in the Anderson schools, who went west last year, came near being lynched. Two cowboys got into a fight last week at White Horn and Smith tried to pacify them. He succeeded in getting hold of the revolver of one of them and hid it. The gang was drunk and they believed he stole the gun. It was soon decided to hang Smith, and took all the persuasive powers of the sheriff and of Smith himself to convince them he was innocent of wrong intentions, but they succeeded, and the latter became the hero of the hour.

BABY BURNED TO DEATH.
Shirts Caught From an Open Fireplace During Its Parents' Absence.

Indianapolis, March 5.—The 3-year-old son of Joseph Hyball, who lives on the farm of J. W. Carter, five miles northwest of this city, was burned to death. The boy and his twin sister were left in the house by their parents, who were at work a short distance from the house. A wood fire was burning in a large open fireplace, and the boy who played shirts, was caught in the flames as he went to a bed and found the father and mother saw smoke issuing from the house, and running to it, found the boy dead in the burning bed. The little girl was almost suffocated by the smoke.

Victim Over Two Centuries Old.
Columbus, Ind., March 5.—Ernest Stahlhut, the druggist, placed on exhibition yesterday a relic. It is a violin and is now nearly three centuries old. On the inner back casing is pasted a slip, upon which is printed the name, etc., "Petrus Guarnerius Gremoneus, son of Andrius, at Manina, Sanctaeus, 1616." This shows the fiddle to be 282 years old. It possesses a remarkably sweet tone. It was loaned Mr. Stahlhut by Andy Becht, the owner, who values it at \$1,200. He has refused an offer of \$300 for it.

New Oil Company.
Indianapolis, March 5.—The Illinois Oil company, which proposes to enter the crude oil field in northeastern Indiana, has filed articles of incorporation with the secretary of state. The capital stock of the concern is \$200,000. The articles of incorporation set forth that the company proposes to sink wells, buy oil, lay transportation pipe lines, and do all general oil business. The incorporators are: D. W. Kimball of Chicago, Carl McAdams of Geneva, Ind., and Claire L. Kimball of Chicago.

Suicide Bales a Defaulter.
North Vernon, Ind., March 5.—J. H. Rogers, who was appointed by Auditor Hinchman as trustee of Marion township, this county, to fill the vacancy caused by the death of Charles E. Bales, who recently committed suicide, has filed suit against Bales' bondsmen to recover an alleged shortage of \$8,500. Several prominent politicians of the county are involved in the suit.

Made Arrangements For His Funeral.
Chatterfield, Ind., March 5.—James Gold, a retired farmer, is dead near here of jaundice. Mr. Gold was born near Cincinnati in 1817 and moved to Chatterfield in 1879. He was a member of the Christian church and two weeks ago engaged Elder Newhouse to preach his funeral. He never went so far as to select the text for the sermon and made all arrangements for his burial.

Christian Church Convention.
Logansport, Ind., March 5.—The congregations of the Christian churches of Miami, Fulton, Cass, Carroll, Howard and Tipton counties will hold their semi-annual convention in Logansport, March 16, 17 and 18. Some of the best speakers of the church in this state are to take active part in the proceedings of the convention.

Bloodpoison Caused By a Burn.
Shelbyville, Ind., March 5.—Several days ago William Winton engaged in a wrestling match with a friend, who was smoking a cigar which in some manner burned Winton on the chin. Nothing was thought of the matter at the time, and nothing done for the burn, which has now developed into bloodpoison and there are no hopes of Winton's recovery.

Robbed Students' Rooms.
Valparaiso, Ind., March 5.—A jury in the superior court found William Van Hyde guilty of burglary and committed him to the Indiana reformatory. He burglarized a number of students' rooms on College Hill.

TRI-STATE NOTES.

A. J. Leighton of Bowling Green, Ky., was killed by a log rolling from a wagon. The Indiana Science teachers are in session at Earlham college, Richmond, Ind. Richmond (Ind.) Natural Gas company has announced that it will raise its rates on May 1.

Charles Clarke, aged 53, of Camlen, O., was kicked over the heart by a horse and instantly killed.

A. H. Platt, a prominent farmer of Williamsfield, O., was struck by an express train and fatally injured.

While drunk William Leck of Prestonburg, Ky., had his brains crushed out by his horse falling on him.

Will King, a Big Four brakeman of Brightwood, Ind., was seriously injured by falling from a train at Bellefontaine, O.

Mrs. Frederick Guetschaw of Crown Point, Ind., suicided by jumping into a cistern. No cause assigned. She was 50 years old.

Petition for a new trial in the case of Amos Riggs, under sentence of death at Maysville, Ky., has been overruled. Riggs will hang May 6.

Rev. Jacob Soter of Kokomo, Ind., has been fined in a squires' court for assaulting Dr. William Cooper, who recently attempted to collect a mortgage.

George West has been reindicted at South Bend, Ind., for robbing a national bank of that city of \$15,000. West was a convict in the Northern prison when a previous indictment was found against him, and on the trial recently held the jury disagreed.

GUILTY OF FORGERY.
Former Treasurer of the Diebold Safe and Lock Company.

Canton, O., March 5.—Dominick Tyler has pleaded guilty to forgery of two promissory notes negotiated with the Union National bank of Massillon. Sentence was deferred.

Tyler was for years secretary and treasurer of the Diebold Safe and Lock company, and his removal was accompanied with allegations of forgery of the company's stock as well as forgery of names of stockholders as sureties on notes.

Tyler up to the time of these disclosures had been regarded as a wealthy man, and stood high in the community. He is the father-in-law of William J. Piero, the former mayor of the city, now held to answer for complicity in and having possession of property stolen in the late Massillon postoffice burglary. The estates of both men are believed to be insolvent.

WILL IGNORE THE EMPEROR.
Three Chinese Viceroyals Will Direct Affairs In Yang-Tse-Kiang.

Shanghai, March 5.—A special correspondent of the Shanghai Mercury at Kin-Kiang alleges that the viceroys of Nankin and Hu-Kuang have entered into a compact with the governor of Hunan to direct the affairs of the entire valley of the Yang-Tse-Kiang and the adjoining territories.

The Trinitarian proposes to govern this region irrespective of any orders from the emperor, who will be allowed no voice whatever in its affairs, thus virtually splitting China into two separate administrations.

This rebellion is due to China's allowing the Yang-Tse-Likin revenues, hitherto a perquisite of the Mandarins, to be used as a guarantee of the Anglo-German loan, which would mean partial European control.

CRETAN TROUBLES.
Reported That Russia Will Aid Prince George to Land in Crete.

Athens, March 5.—Russian Admiral Skrydloff, who will command the Russian squadron in Cretan waters, has arrived here and had an audience with King George, to whom he handed a letter from Emperor Nicholas.

A Constantinople dispatch says Admiral Skrydloff, who is on his way to Crete to take command of the Russian squadron, was not received by the sultan while here. It was reported at the palace that he is under instructions from the czar to embark Prince George of Greece and to land him in Crete.

Djevad Pasha, the Turkish military commander in Crete, has been ordered to oppose such an attempt with every means in his power.

Divers Do Not Expect to Recover Many More Bodies.

Havana, March 5.—The American divers, having examined more or less thoroughly the ward room of the Maine and the senior and junior officers mess-rooms, are trying to effect an entrance into the petty officers' compartment, in the hope of finding some bodies there. However, each day the belief grows stronger that few, if any more bodies will be recovered. Not one body was recovered yesterday.

Captain Sharp, who is in charge of the Merrit and Chapman wrecking outfit, appreciates the difficulties of the situation better than others. He will not specify any time when the big guns will be released. It is necessary to first remove the tops of the turrets. These are held in place by steel bolts which must be cut loose. The best informed people here think a month will elapse before the turrets are opened.

In the meantime work on the minor details of the wreck will proceed with all possible speed.

The correspondent has been officially informed that the United States light-house tender Mangrove, with the naval court of inquiry on board will return here today.

Senator Proctor, General Fitzhugh Lee, Captain Sigbee and many other prominent Americans attended the ceremony of decorating the graves of the Maine's dead yesterday.

Court Returns to Havana.
Key West, March 5.—After two postponements of its departure the court of inquiry left for Havana last night on the light-house tender Mangrove. It is believed by the best informed here that the court will complete its labors in the Cuban capital within 10 days.

Only three of the six days the court was here were devoted to the work of investigation. The inactivity is still unexplained, except by a semi-official statement that Rear Admiral Sicard was awaiting instructions from Washington.

Contracting For Coal.
Ironton, O., March 5.—The Norfolk and Western railroad has a contract to ship 250,000 bushels of nut coal from the Pocahontas mines, West Virginia, on order of the United States navy department to various ports to be hereafter designated.

Hall, Ind., March 5.—With the beginning of next week Hall will have a daily mail route. Heretofore mail for this place from Martinsville was carried to Indianapolis and reached here by star route from Claytown, taking four days to send a letter and receive an answer, a distance of 13 miles.

Willard Temple.
[W. C. T. U. Building, Chicago.] Willard's home in Evanston is left to Miss Gordon and Mary Banister Willard during their lives, and will revert eventually to the benefit of the National Women's Christian Temperance Union. The estate is estimated at \$17,000 of which \$16,000 is in real property.

EDITOR HEDLEY ACQUITTED.
Jury Finds Him Not Guilty of Murdering Ex-Mayor Richards.

Carlinville, Ill., March 5.—The jury in the F. Y. Hedley homicide case has returned a verdict acquitting Editor Hedley of Bunkerhill, the defendant. Richards was ex-mayor of Bunkerhill. The trouble first arose over Miss Brown, Richards' stenographer, who preferred the friendship of Editor Hedley to marriage with Richards. One day Richards in the main street of Bunkerhill started to whip Hedley. The editor, who is hardly more than half as big as Richards, shot his assailant to death.

A REDUCTION ALL ALONG THE LINE.

The success that we have met with by reducing the price of our cabinet photographs to one dollar per dozen, has determined us to continue for thirty or sixty days longer, making cabinets on glossy paper equal in style, finish and durability to those made by other photographers at a much higher price.

We have also determined to make the platinum or dead finish cabinet photos (by some called carbonettes) at \$2.00 to \$2.50 per dozen and guaranteed them to be equal to any made in Seymour at \$3.00 to \$4.00 per dozen.

Don't be deceived by the cry of cheap materials and work, for we will use the same kind of printout paper, and tone in the same kind of gold and artist platinum bath. Wash our prints in the same kind of water and card and burnish them in the same way. We desire to call attention to our new velvet gloss cabinets at \$1.50 per dozen that by many are preferred to the higher priced platinum. We invite you to call and examine our work and then if you desire to pay higher prices for no better work, it is your privilege to do so.

SIR KNIGHTS

Inspection of Success Company U. R. K. of P. and Installation of Officers Followed by a Sumptuous Banquet.

Success Company, U. R. K. of P. was much in evidence last night. The occasion was the inspection of the company, the installation of officers and the annual banquet.

Allen W. Clark, major of the second battalion, 4th regiment, was present to inspect the company and assist in installing the officers. Major Clark paid a very high compliment to Capt. G. G. Graessle and his company. He says it is unquestionably one of the very best companies in the state and he predicts a high place for Success Company at the national encampment at Indianapolis next summer.

Officers for the ensuing year were installed as follows:

Captain, G. G. Graessle.
1st Lieutenant, George Peter.
2nd Lieutenant, A. N. Rinehart.
Recorder, Geo. L. Attkisson.
Treasurer, Henry Price.
Guard, Frank Woodmansee.
Sentinel, George Meyers.

At 10 o'clock, after the work at the Armory had been completed, the company, headed by the band under the leadership of Mr. F. R. Haje, marched to the New Lynn Hotel, where they sat down to an elaborate and most excellent banquet, prepared under the personal direction of Mr. L. C. Wallick, manager of the New Lynn.

The large dining room was beautifully arranged for the occasion and the service was perfect from first to last. For three hours the members of the rank and their guests sat at that banquet table giving every evidence of cordiality, such as commends a military company, whose services may be needed at the front most any day.

At the banquet board Major T. S. Blish presided as toast master in a most graceful and acceptable manner. The following toasts were responded to: "Indiana Brigade, U. R. K. of P." Major Allen W. Clark, of Greensburg. "Success Company, No. 76." Capt. G. G. Graessle.

"Our Knightly Visitors," Capt. J. A. George, of Columbus.
"The Press," Chas. W. Burkart, Seymour News.
Selections from Riley, Edward A. Remy.

"Our Host," Dr. L. M. Mains.
All of the toasts, though wholly impromptu, were attentively listened to and quite generously applauded. As the hour grew late the banqueters lingered about the board engaging in merry conversation and song and otherwise adding to the enjoyment of the event. At 1:15 a. m. the company arose from the table, formed in line and under the command of Capt. Graessle marched back to Armory Hall where this very pleasant social event was formally ended.

The visitors present were Major Allen W. Clark, of Greensburg, Capt. J. A. George, Lieut. R. D. Sanders, Charles Bray and E. B. Snively, of Columbus. Members of the local press present at the banquet were C. S. Mercer, C. W. Burkart, Jay C. Smith and E. A. Remy.

No one enjoyed the occasion more than Capt. Graessle, who is proud of his company and takes delight in his duties as their commanding officer. He holds the fullest confidence of every member of the company so that perfect co-operation is possible. Seymour may well take pride in Success Company No. 76, U. R. K. of P.

ARE YOU TO LIVE IN ALASKA?

Some Requirements that will be Found Indispensable.

The universal article of diet in that country, depended upon and indispensable, is bread or biscuit. And to make the bread or biscuit, either in the camp or upon the trail, yeast cannot be used—it must be baking powder; and the powder manufactured by the processes of the Royal Baking Powder Company, miners and prospectors have learned, is the only one which will stand in that peculiar climate of cold and dampness and raise the bread and biscuit satisfactorily.

These facts are very important for every one proposing to go to Alaska and the Yukon country to know, for should he be persuaded by some outfitter to take one of the cheap brands of baking powder, it will cost just as much to transport it, and then when he opens it for use, after all his labor in packing it over the long and difficult route, he will find a solid caked mass or a lot of spoiled powder, with no strength and useless. Such a mistake might lead to the most serious results. Alaska is no place in which to experiment in food, or try to economize with your stomach. For use in such a climate, and under the trying and fatiguing conditions of life and labor in that country, everything must be the best and most useful, and above all it is imperative that all food supplies shall have perfect keeping qualities. It is absurd to convey over such difficult and expensive routes an article that will deteriorate in transit, or that will be found when required for use to have lost a great part of its value.

There is no better guide to follow in these matters than the advice of those who have gone through similar experience. Mr. McQuesten, who is called "the father of Alaska," after an experience of years upon the trail, in the camp, and in the use of every kind of supply, says: "We find in Alaska that the importance of a proper kind of baking powder cannot be overestimated. A miner with a can of bad baking powder is almost helpless in Alaska. We have tried all sorts, and have been obliged to settle down to use nothing but the Royal. It is stronger and carries further, but above all things, it is the only powder that will endure the severe climatic changes of the arctic region."

It is for the same reasons that the U. S. Government in its relief expeditions, and Peary, the famous arctic traveler, have carried the Royal Baking Powder exclusively.

The Royal Baking Powder will not cake nor lose its strength either on board ship or in damp climates, and is the most highly concentrated and efficient of leavening agents. Hence it is indispensable to every Alaskan outfit. It can be had of any of the trading companies in Alaska, but should the miner procure his supplies before leaving, he should resist every attempt of the outfitter to palm off upon him any of the other brands of baking powder, for they will spoil and prove the cause of great disappointment and trouble.

CHURCH NOTES.

Elder Thomas Jones went this morning to Knox county to hold a series of meetings.

Y. M. W. C. A. meets Sunday afternoon at the Christian church. A special program is being prepared. Come and bring your friends.

Many of our people were at Rockford last night to attend the big revival being conducted by Miss Mills and Rev. Schroyer. The house is crowded at ever coming together and many have been converted.

A very large congregation heard Evangelist McKee last night on "The Three Crosses." There were seven who made a stand for Christ. The services were deeply impressive through out. Services again tonight at 7:30. Come early so you can get a good seat. Doors open at 6:30. Mr. McKee will preach Sunday morning and evening and also Sunday afternoon at 3:30 to men only on the "Mysteries of Life."

Relic of the Madison Branch. Trench diggers at the corner of Fifth avenue and Washington street yesterday afternoon unearthed a "mud sill," a relic of the old Madison and Indianapolis railroad.

The railroad ties of the road were first laid on heavy beams or "mud sills." This was necessary on account of the softness of the ground. This sill is of beech timber. The bark is still on the log which is in good state of preservation. It has been in the ground probably since 1844 when the road was first brought to Columbus. This was the first railroad built in Indiana.—Columbus Republican.

How to Do More Business.

If you wish to be on the wage of prosperity, get along with the shrewd advertisers who use the mediums. Pick out some successful advertiser—and he is always a successful business man—and watch how he does it. In that way you can get a pretty fair idea of how to do it yourself. Many good advertisements are applicable to more than one line of business, so you may be helped in more ways than one. Rest assured that what advertising has done for others it will do for you if rightly handled. Any way, if you want to do more business you must do more advertising.

COURT NOTES.

The suit of Grimes against Byrum and Anderson was tried in the circuit court yesterday and taken under advisement.

Circuit court adjourned last evening till Monday morning. Judge Voyles went from here to his home at Salem last night. He informed us that the court will finish the business before it in four days.

Many People Cannot Drink Coffee at night. It spoils their sleep. You can drink Grain-O when you please and sleep like a top. For Grain-O does not stimulate; it nourishes, cheers and feeds. Yet it looks and tastes like the best coffee. For nervous persons, young people and children Grain-O is the perfect Drink. Made from pure grains. Get a package from your grocer today. Try it in place of coffee. 15 and 25c.

CHURCH NOTES.

Rev. S. H. Huffman went last evening to Hope on important Sunday school business. Mr. Huffman is one of the most efficient Sunday school workers in the country.

Rev. C. Wisner, who has ministered to the people of the German Lutheran church of Crothersville for the past years, has resigned the charge. He is well known in Seymour.

Give the Children a Drink

Called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder and children, as well as adults, can drink it with great benefit. Costs about a cent a glass.

Attorney George W. Warmouth, of Indianapolis, who has been here on business went to Scottsburg last night.

W. H. Reynolds and J. F. Keach, of Tampico, brought over two tons of butter, eggs and poultry here Friday and sold it readily at good prices.

H. W. Godfrey and J. H. Hodapp came home last evening with a fine lot of Mallard ducks which they killed near Shields. They are among our best shots.

Don't.

That is what Perry S. Heath, First Assistant Postmaster General says to the people. He has sent out orders to postmasters to post up in their offices the following notice:

"Don't mail your letters or valuable packages without having your own address written or printed in the left hand corner. (Give the street number and post station in large cities.) This will insure its return to you if not delivered and will prevent its being sent and opened at the dead letter office."

It would be very easy for all to follow this advice of the Assistant Postmaster General if they would call at the REPUBLICAN office and get printed return envelopes ranging in price from \$1.50 to \$3.00 a thousand. Printed return envelopes will save lots of trouble, and when such envelopes cost so little all should avail themselves of the opportunity to get them. We can also furnish letter heads, note heads, statements, and bill heads for busy business men, of various grades at reasonable prices. Call and see us and see our stock.

CASTORIA

THE ARTILLERY BILL

Opposition to the Increase of the Service Disappearing.

PARTY OPPOSITION ABANDONED

Pure Food Congress Largely Amends Mr. Brosius' Bill and Recommends Its Passage by Congress—House and Senate Proceedings—Pensions Granted to Indians.

Washington, March 5.—Chairman Hull believes when the bill adding two regiments of artillery to the army comes up in the house next week, it will command a large majority. The Democratic opposition to the measure which at one time promised to reach formidable proportions is rapidly disappearing. Mr. McClellan of New York has been energetically at work among his Democratic colleagues and he made such headway that some of those who desired to create a party opposition of the measure have abandoned their intentions. This is largely due to the fact that Mr. Bailey, the Democratic leader, who was believed to be hostile to the bill at one time has withdrawn active opposition to it. He is bitterly opposed to an increase of the standing army in time of peace but he believes that with the threat of war hanging over the country it is the duty of congress to make every provision necessary to vindicate the honor and uphold the dignity of the country. He probably will make a speech setting forth his position and will then vote for the bill.

FOOD CONGRESS.

Large Number of Amendments Proposed to the Pure Food Bill.

Washington, March 5.—President Blackburn presided at the sessions of the National Pure Food and Drug congress yesterday. All the time was consumed in the discussion of the report of the legislative committee, of which Professor Wiley of the agricultural department is chairman. This report recommended a large number of amendments to the Brosius pure food bill, now pending in the house of representatives, before it should be enacted into law. They were of such character as it is believed will make the measure acceptable in a large degree to the pure food and drug interests of the country. After the amendments had been disposed of seriatim the report as a whole was agreed to and the bill indorsed.

Pensions Granted.

Washington, March 5.—Pensions have been granted to the following Indians: Original—Jeremiah Gee, Lafayette, \$6; Joel D. Starr, Anderson, \$6; Alphons M. Hilliard, Indianapolis, \$6; William P. Kent, Elkhart, \$12. Restoration and supplemental—Reuben Brichard (deceased), Muncie, \$4. Restoration and increase—Wesley Borkdall (deceased), Seymour, \$10 to \$24. Reissue—William B. Ake, Guionville, \$17. Reissue and increase—John Q. Owens, Columbus, \$2 to \$6. Original widows, etc.—Margaret J. Gamby, Logansport, \$8; Desire B. Phillips, New Richmond, \$12; Margaret Braunetter, Talp, 12; Malinda Kleckner, Plymouth, \$12.

Senate and House.

Washington, March 5.—The senate yesterday passed a bill extending the homestead laws and providing for right-of-way for railroads, the district of Alaska. The debate on the bill lasted for several days. The house sent the pensions and the consular appropriation bills to the president yesterday. By agreement it was decided to make the bill appropriating \$1,200,000 for war claims, approved by the court of claims, a special order for next Friday. A bill was passed to pay the heirs of Sterling T. Austin about \$50,000 for cotton seized during the war.

Postmasters Confirmed.

Washington, March 5.—The senate yesterday confirmed the following Indiana postmasters: M. C. Reiter, Rochester; W. E. Peck, Remington; G. M. Robinson, Rensselaer; J. Z. Powell, Logansport; H. G. Miller, South Bend; A. W. Lytle, Valparaiso; A. H. Leist, Michigan City.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. It is the worst, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, seat your urine aside for twenty-four hours; sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and a pamphlet, both sent free by mail, upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its punctuality of this offer.

The Weakness of a Woman.

A woman who has suffered eighteen years, who has been cured after a life of misery and lives again in the sunshine of happiness, speaks to other women in words of no uncertain meaning.

Just a woman's story. Not strange because it happens every day, not romantic or thrilling, but just a story of misery and suffering such as only women know.

For eighteen years, Sara E. Bowen, of Peru, Indiana, carried a burden of pain. Night and day, without respite, she suffered the most dreadful experience that ever fell to the lot of woman.

That she did not die is almost beyond belief.

That she is well today is a miracle.

Mrs. Bowen's trouble requires no description beyond the symptom, which every woman will instantly recognize.

In describing them Mrs. Bowen says: "For eighteen years I suffered with weakness peculiar to my sex."

"I was a broken down piece of humanity; a shadow of a woman."

"My brain was tortured until I could remember but little. I could not sleep or eat and was reduced in weight to a mere skeleton. What little I did eat could not be digested in my weakened state, and caused me untold misery."

"My skin was muddy, my eyes were heavy. I was dizzy all the time and totally unfit for even ordinary household work."

"Doctors prescribed for me without avail. Medicine was recommended and taken in quantity but it did no good."

"Time and time again I was at the brink

of despair. Day by day my trouble grew worse, and dark indeed was the day before my deliverance.

"A friend of mine told me about Dr. Williams' Pink Pills for Pale People and what they had accomplished for others in my condition."

"It was the first glimpse of the sun of happiness through the dark clouds of misery. I bought a box and took them. Even then I felt their effect. I bought more and continued to take them until I was well and strong."

"They liberated me from the most terrible bonds that ever tortured a woman. They brought me new life when death was welcome."

"I recommend them to my friends; and I do not hesitate to say to every suffering woman in the world that Dr. Williams' Pink Pills will cure her."

Dr. Williams' Pink Pills for Pale People are a specific for all forms of weakness. The blood is vitalized and becomes pregnant with the elements of life. The nervous system is reorganized, all irregularities are corrected, strength returns and disease disappears. So remarkable have been the cures performed by these little pills that their fame has spread to the far ends of civilization. Wherever you go you will find the most important article in every drug store to be Dr. Williams' Pink Pills for Pale People.

THE AMERICAN MONTHLY REVIEW

It is impossible to promise particular features that will appear in the "AMERICAN MONTHLY" during the coming year, for it is, as the Bookman says, "a great monthly newspaper." As such, it prints for its readers an illustrated account of the notable things which make the history of the month of the political, economic, and literary happenings which are of value to intelligent men and women. The Editor's "Progress of the World" tells succinctly an illustrated story of the month. The "Leading Articles" give the best thought and information of the current magazines in five contents; the contributed articles furnish the character sketches of the man of the month, and give timely discussions by authorities on any question of immediate serious import.

The result of this comprehensive effort to edit in one monthly volume the information needed by intelligent people of "live" instincts is best gauged in the opinions which the readers of the AMERICAN MONTHLY have seen fit to express. These are thinking business men, clergymen, editors, lawyers, professors, engineers, the wide-awake women of America. They write that the AMERICAN MONTHLY "is indispensable," "is simply invaluable," "is a generous library in itself," "a historical encyclopedia of the world," "the best means of aid for a busy man," "the best periodical of the kind we have ever had," "a triumph of editorial genius," "the world under a field-glass," etc., etc.

A Shattered Nervous System.
FINALLY HEART TROUBLE.
Restored to Health by Dr. Miles' Nervine.

M. EDWARD HARDY, the jolly manager of Sheppard Co.'s great store at Braceville, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to but a shadow of myself, and at last my heart became affected and I was truly miserable. I took six or eight bottles of Dr. Miles' Nervine. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

Admiral Sicard Telegraphed to For a Report on the Maine.

MESSAGE ORDERED BY CABINET

Flagship Olympia of the Asiatic Squadron May Be Ordered to San Francisco—Torpedoblast Winslow to Join Key West Flotilla—Spain Fitting Out a Squadron.

Washington, March 5.—It was developed last night through telegraphic correspondence between Secretary Long and Admiral Sicard that the court of inquiry is unable to fix even an approximate date for the conclusion of its investigation into the disaster of the Maine.

Sharing the general anxiety for some information on these points, Secretary Long at the instance of the cabinet, sent a telegram to Admiral Sicard asking him when it was expected that the report of the court would be made and late last night the following reply was received:

KEY WEST, March 4. Secretary of Navy—Have talked with the president of the court of inquiry and agree with him that it is not yet possible to fix a date for the finding, as so much depends upon the progress of the divers and wreckers and the results they obtain. Every effort is being made to advance the inquiry. The court returns to Havana by the Mangrove this evening, having about finished the examination at Key West.

How the Message is Regarded. Admiral Sicard's message is regarded officially as disposing of the reports that the court has as yet obtained positive or conclusive information bearing upon the object of their investigation. It is taken to mean that upon the testimony or discovery of the divers will depend the finding, the examination of the officers and crew of ship having been insufficient to enable the court to even form an idea as to what lines may be opened up from the investigation of the wreck itself.

While the telegram was naturally somewhat of a disappointment, in leaving the termination of the inquiry as much in doubt as ever, it was welcomed as practically setting at rest the reports as to the results of the investigation up to date.

It is stated that the board in all probability will not return to Key West, the department having intimated that it was its desire that the examination of the officers and men should be concluded at this sitting, as they are needed for reassignment to ships.

May Be Ordered to San Francisco. It is probable that the Olympia, flagship of the Asiatic squadron, and the peerless queen of the cruisers, will come home to San Francisco. The navigation bureau has this movement under consideration and in view of the fact that the ship has been three years away from a navy yard engaged in hard cruising service, even if there were no other reason, it is likely that the order will be given.

The Olympia is a protected cruiser of extraordinary speed and endurance, with a battery strong enough to overpower almost anything short of a battleship and speed enough to run away from that or anything else that she does not care to fight.

The torpedo-boat Winslow at Norfolk has completed her repairs and will join the flotilla at Key West as soon as the gale on the coast blows itself out and makes the run down safe.

Baby's Coming

means pain, danger and possible death for some women. For others it means practically no discomfort at all. There is no reason why childbirth should be a period of pain and dread. Several months before a woman becomes a mother she should prepare herself for the critical ordeal.

There is a preparation made which is intended for this purpose alone. The name of this wonderful preparation is

said at the department that this vessel sailed for Brazil several months ago and has been delivered to the Brazilian government. Her sister ship is near completion in the Armstrong yards. They are useful cruisers, copies of the Barrasa, now of the Brazilian navy, and their strong point is their great radius of action—8,000 miles—which would enable them to cross the Atlantic and re-cross without renewing their coal supply.

Caused Comment at State Department. The London reports also caused comment at the state department. In some quarters the feeling was expressed that pending the finding of a court of inquiry on a case having the international phases of the Maine explosion the obligations of neutrality were as strongly imposed on Great Britain and Brazil as in time of war. The precedents apply only to a condition of war and not to conditions which may eventually lead to war. In the Geneva award, however, unfriendly acts by Great Britain prior to the breaking out of the rebellion constituted part of the case on which heavy damages were awarded against her. But, as a general rule, foreign governments are free to sell warships either directly or through their citizens up to the actual date of hostilities.

SPANISH SQUADRON.

Fresh One Being Fitted Out at Cadix For Cuban Waters.

London, March 5.—A letter just received here from Madrid says it is definitely reported that a fresh Spanish squadron, destined for Cuba, is being organized at Cadix. It consists of four ironclads—the Carlos V., Pelayo, Alfonso XIII and another—several gunboats and a transatlantic steamer. Active work is also proceeding upon the torpedo-boat destroyers Prosperina, Audaz and Onda, and upon the torpedo-boat Habana, Retamosa and Barco, which form the second torpedo-boat flotilla which Spain is sending to Cuba.

CONDITION OF TRADE.

Bradstreet Says All Signs Point to a Large Volume of Business.

New York, March 5.—Bradstreet's today says: Nearly all signs point to an unprecedented volume of business being done or arranging for at the present time. The aggressive strength of prices, record-breaking bank clearings and continued large exports, particularly of the lower priced cereals, a very heavy volume of business in iron and steel and kindred lines, and generally satisfactory reports as to the volume and spring trade at leading distributive centers are among the visible features of this trade development. Nearly all of the country's cereal products are higher in prices this week, as also some varieties of provisions, Bessemer pigiron, copper, raw cotton and tin. Trade is larger than usual at the central west, particularly in dry goods, groceries, boots and shoes, hardware, liquor and agricultural implements, the demand for the latter being a notable feature at nearly all markets. Spring trade has opened up well in the northwest and the jobbing trade is quite active.

STATE BUILDING.

Plan For Remodeling the Ohio State House to Be Dropped.

Columbus, O., March 5.—At a meeting of subcommittees from the house and senate committees on finance and on public buildings to discuss the various statehouse improvement bills it was definitely decided that the plan of remodeling the present statehouse should be abandoned; that a substitute bill providing for the erection of a supplementary building should be drafted. Senators Dodge, Garfield, Pugh, Cromley and Lutz and Representatives Clark, Haiden, Davis, Jones and McKinnon were appointed a special committee to prepare such a measure.

NO GOLD CONTRACTS.

Action of Lower House of the Kentucky Legislature.

Frankfort Ky., March 5.—The house of representatives has passed, by a party vote, an act to prevent the making of a contract payable in gold, and making such a contract null and void. Dr. S. Atwood Smith of Louisville, introduced the bill, and warmly advocated its passage. It is substantially a copy of the Nebraska law, and prevents the discrimination of either metal against the other, and declares both gold and silver legal tender in payment of debt on exactly the same terms.

WIRE WHISPERS.

An epidemic of "black blister" has broken out near Bombay.

The southwestern cattlemen met in Fort Worth, Tex., March 8. The Hotel Graham at Huntington, W. Va., burned. Loss \$80,000. No one reported injured.

Leopold Feldman, a London physician, son of wealthy parents, suicided in San Francisco.

A Shanghai dispatch says England will occupy Wei-Hai-Wai, China, if Japan withdraws from that port.

William Brown of Greenville, Ill., 40 years old, killed himself by blowing his brains out with a shotgun.

Ball given at the Waldorf-Astoria, New York for the benefit of the widows and orphans of men killed in the Maine disaster netted \$3,500.

Lorenzo Barnes has been hanged at East Cambridge, Mass., for the murder of John Dean, a farmer 73 years old, on Dec. 17. Motive was robbery.

A. N. Hull, one of the richest men in Iowa, was almost ground to a pulp in a flour mill at Schenck. He got caught in a flywheel and every bone in his body was broken.

Robbed Students' Rooms.

Valparaiso, Ind., March 5.—A jury in the superior court found William Van Hyde guilty of burglary and committed him to the Indiana reformatory. He burglarized a number of students' rooms on College Hill.

Governor's Contingent Fund Is Almost Wiped Out.

SUICIDE BALES A DEFAULTER.

Baby Burned to Death During Its Parents' Absence—Christian Church Convention—New Oil Company—Made Arrangements For His Funeral.

Coopers on Strike.

Indianapolis, March 5.—Governor Mount's contingent fund is being rapidly wiped out. Bills growing out of the Ripley county lynching have been the great source of drain. Government Detectives Smith and Burns have been paid and discharged. Smith operated an agricultural store at Osgood, backed by the state, and made some money, so the state's business venture was not very expensive. Constable Hunter, who arrested Hughes and brought witnesses to Cross Plains, sent in a bill for \$75, out of which he pays his assistants. It is not known what the next move of the state will be.

NARROWLY ESCAPED LYNCHING.

Indiana Man's Experience With Cowboys In Colorado.

Anderson, Ind., March 5.—A letter received here from White Horn, Col., tells of how U. H. Smith, formerly professor in the Anderson schools, who went west last year, came near being lynched. Two cowboys got into a fight last week at White Horn and Smith tried to pacify them. He succeeded in getting hold of the revolver of one of them and hid it. The gang was drunk and they believed he stole the gun. It was soon decided to hang Smith, and took all the persuasive powers of the sheriff and of Smith himself to convince them he was innocent of wrong intentions, but they succeeded, and the latter became the hero of the hour.

BABY BURNED TO DEATH.

Shirts Caught From an Open Fireplace During Its Parents' Absence.

Indianapolis, March 5.—The 3-year-old son of Joseph Hyball, who lives on the farm of J. W. Carter, five miles northwest of this city, was burned to death. The boy and his twin sister were left in the house by their parents, who were at work a short distance from the house. A wood fire was burning in a large open fireplace, and the boy who wore shirts, was caught in the flames as he played about the fireplace. He ran to a bed and climbed into it. The father and mother saw smoke issuing from the house, and running to it, found the boy dead in the burning bed. The little girl was almost suffocated by the smoke.

Yulet Over Two Centuries Old.

Columbus, Ind., March 5.—Ernest Stahlhut, the druggist, placed on exhibition yesterday a relic. It is a violin and is now nearly three centuries old. On the inner back casing is pasted a slip, upon which is printed the name, etc., "Petrus Guaragnoni Gremoneuses, son of Andriacs, at Manina, Sanctaereuse, 1618." This shows the fiddle to be 280 years old. It possesses a remarkable sweet tone. It was loaned Mr. Stahlhut by Andy Becht, the owner, who values it at \$1,200. He has refused an offer of \$300 for it.

New Oil Company.

Indianapolis, March 5.—The Illinois Oil company, which proposes to enter the crude oil field in northeastern Indiana, has filed articles of incorporation with the secretary of state. The capital stock of the concern is \$200,000. The articles of incorporation set forth that the company proposes to sink wells, lay oil, lay transportation pipe lines, and do all general oil business. The incorporators are: D. W. Kimball of Chicago, Carl McFadden of Geneva, Ind., and Claire L. Kimball of Chicago.

Suicide Bales a Defaulter.

North Vernon, Ind., March 5.—J. H. Rogers, who was appointed by Auditor Hinchman as trustee of Marion township, this county, to fill the vacancy caused by the death of Charles E. Bales, who recently committed suicide, has filed suit against Bales' bondsmen to recover an alleged shortage of \$8,500. Several prominent politicians of the county are involved in the suit.

Made Arrangements For His Funeral.

Chatterfield, Ind., March 5.—James Gold, a retired farmer, is dead here of jaundice. Mr. Gold was born near Cincinnati in 1817 and moved to Chatterfield in 1879. He was a member of the Christian church and two weeks ago engaged Elder Newhouse to preach his funeral. He even went so far as to select the text for the sermon and made all arrangements for his burial.

Christian Church Convention.

Logansport, Ind., March 5.—The congregations of the Christian churches of Miami, Fulton, Cass, Carroll, Howard and Tipton counties will hold their semi-annual convention in Logansport, March 16, 17 and 18. Some of the best speakers of the church in this state are to take active part in the proceedings of the convention.

Bloodpoison Caused by a Burn.

Shelbyville, Ind., March 5.—Several days ago William Winton engaged in a wrestling match with a friend, who was smoking a cigar which in some manner burned Winton on the chin. Nothing was thought of the matter at the time, and nothing done for the burn, which has now developed into bloodpoison and there are no hopes of Winton's recovery.

Robbed Students' Rooms.

Valparaiso, Ind., March 5.—A jury in the superior court found William Van Hyde guilty of burglary and committed him to the Indiana reformatory. He burglarized a number of students' rooms on College Hill.

TRI-STATE NOTES.

A. J. Leighton of Bowling Green, Ky., was killed by a log rolling from a wagon. The Indiana Science teachers are in session at Earlham college, Richmond, Ind. Richmond (Ind.) Natural Gas company has announced that it will raise its rates on May 1.

Charles Clarke, aged 51, of Camden, O., was kicked over the heart by a horse and instantly killed.

A. H. Platt, a prominent farmer of Williamsfield, O., was struck by an express train and fatally injured.

While drunk William Leck of Prestonburg, Ky., had his brains crushed out by his horse falling on him.

Will King, a Big Four brakeman of Brightwood, Ind., was seriously injured by falling from a train at Bellefontaine, O.

Mrs. Frederick Guetsch of Crown Point, Ind., suicided by jumping into a cistern. No cause assigned. She was 59 years old.

Petition for a new trial in the case of Amos Riggs, under sentence of death at Mayville, Ky., has been overruled. Riggs will hang May 16.

Rev. Jacob Sarter of Kokomo, Ind., has been fined in a squabble of court for assaulting Dr. William Cooper, who recently attempted to collect a mortgage.

George West has been reindicted at South Bend, Ind., for robbing a national bank of that city of \$15,000. West was a convict in the Northern prison when a previous indictment was found against him, and on the trial recently held the jury disagreed.

GUILITY OF FORGERY.

Former Treasurer of the Diebold Safe and Lock Company.

Canton, O., March 5.—Dominick Tyler has pleaded guilty to forgery of two promissory notes negotiated with the Union National bank of Massillon. Sentence was deferred.

Tyler was for years secretary and treasurer of the Diebold Safe and Lock company, and his removal was accompanied with allegations of forgery of the company's stock as well as forgery of names of stockholders as sureties on notes.

Tyler up to the time of these disclosures had been regarded as a wealthy man, and stood high in the community. He is the father-in-law of William J. Piero, the former mayor of the city, now held to answer for complicity in and having possession of property stolen in the late Massillon postoffice burglary. The estates of both men are believed to be insolvent.

WILL IGNORE THE EMPEROR.

Three Chinese Viceroy's Will Direct Affairs in Yang-Tse-Kiang.

Shanghai, March 5.—A special correspondent of the Shanghai Mercury at Kiu-Kiang alleges that the viceroys of Nankin and Hu-Kyang have entered into a compact with the governor of Hunan to direct the affairs of the entire valley of the Yang-Tse-Kiang and the adjoining territories.

The Triumvirate proposes to govern this region irrespective of any orders from the emperor, who will be allowed no voice whatever in its affairs, thus virtually splitting China into two separate administrations.

This rebellion is due to China's allowing the Yang-Tse-Likin revenues, hitherto a perquisite of the Mandarins, to be used as a guarantee of the Anglo-German loan, which would mean partial European control.

CRETAN TROUBLES.

Reported That Russia Will Aid Prince George to Land in Crete.

Athens, March 5.—Russian Admiral Skrydloff, who will command the Russian squadron in Cretan waters, has arrived here and had an audience with King George, to whom he handed a letter from Emperor Nicholas.

A Constantinople dispatch says Admiral Skrydloff, who is on his way to Crete to take command of the Russian squadron, was not received by the Sultan while here. It was reported at the palace that he is under instructions from the czar to embark Prince George of Greece and to land him in Crete.

Djevad Pasha, the Turkish military commander in Crete, has been ordered to oppose such an attempt with every means in his power.

NICARAGUA CANAL.

Edward F. Cragin of Chicago Perfecting a Syndicate For Its Construction.

New York, March 5.—Edward F. Cragin of Chicago is in this city perfecting the organization of a syndicate of capitalists for the construction of the Nicaragua canal. Mr. Cragin, in an interview, said that he was not organizing a new syndicate, but simply completing the work begun by him and L. E. Cooley of Chicago, when they took a party of engineers and contractors to Nicaragua to inspect the ground there.

Mr. Cragin says that the engineers are all agreed that the work is perfectly feasible and presents no engineering problems that have not already been solved. They are now figuring on the cost of construction and Messrs. Cragin and Cooley are arranging for the financing of the undertaking. The cost has previously been estimated at \$8,000,000 and at \$133,000,000. They are also arranging the details of a settlement with the old maritime company of Nicaragua and the Nicaragua company, under which the interest of these two companies will be assumed by the new syndicate.

Senator Proctor, General Fitzhugh Lee, Captain Sigbee and many other prominent Americans attended the ceremony of decorating the graves of the Maine's dead yesterday.

Court Returns to Havana.

Key West, March 5.—After two postponements of its departure the court of inquiry left for Havana last night on the lighthouse tender Mangrove. It is believed by the best informed here that the court will complete its labors in the Cuban capital within 10 days.

Only three of the six days the court was here were devoted to the work of investigation. The inactivity is still unexplained, except by a semi-official statement that Rear Admiral Sicard was awaiting instructions from Washington.

A REDUCTION ALL ALONG THE LINE.

The success that we have met with by reducing the price of our cabinet photographs to one dollar per dozen, has determined us to continue for thirty or sixty days longer, making cabinets on glossy paper equal in style, finish and durability to those made by other photographers at a much higher price.
We have also determined to make the platinum or dead finish cabinet photos (by some called carbonates) at \$2.00 per dozen and guaranteed them to be equal to any made in Seymour at \$3.00 to \$4.00 per dozen.
Don't be deceived by the cry of cheap materials and work, for we all use the same kind of printing paper, and in the same kind of gold and silver, and in the same kind of water and card and burnish them in the same way. We desire to call attention to our new velvet glass cabinets at \$1.50 per dozen that by many are preferred to the higher priced platinum. We invite you to call and examine our work and then if you desire to pay higher prices for no better work, it is your privilege to do so.

SIR KNIGHTS

Inspection of Success Company U. R. K. of P. and Installation of Officers Followed by a Sumptuous Banquet.

Success Company, U. R. K. of P. was much in evidence last night. The occasion was the inspection of the company, the installation of officers and the annual banquet.

Allen W. Clark, major of the second battalion, 4th regiment, was present to inspect the company and assist in installing the officers. Major Clark paid a very high compliment to Capt. G. G. Graessle and his company. He says it is unquestionably one of the very best companies in the state and he predicts a high place for Success Company at the national encampment at Indianapolis next summer.

Officers for the ensuing year were installed as follows:

Captain, G. G. Graessle.
1st Lieutenant, George Peter.
2nd Lieutenant, A. N. Ninehart.
Recorder, Geo. L. Attkisson.
Treasurer, Henry Price.
Guard, Frank Woodmansee.
Sentinel, George Meyers.

At 10 o'clock, after the work at the Armory had been completed, the company, headed by the band under the leadership of Mr. F. R. Hale, marched to the New Lynn Hotel, where they sat down to an elaborate and most excellent banquet, prepared under the personal direction of Mr. L. C. Wallick, manager of the New Lynn.

MENU.
New York Counts
Celery
Olives
Consomme in Cups
Sherry
Fillet of Black Bass—Sauce Normande
Potatoes Sarah Bernhardt

French Peas in Cases
Lettuce Salad
Burgundy
Strawberries with Cream
Neapolitan Ice Cream
Cake Assorted
Champagne
Cigars

The large dining room was beautifully arranged for the occasion and the service was perfect from first to last. For three hours the members of the rank and their guests sat at that banquet table giving every evidence of capacity, such as commends a military company, whose services may be needed at the front most any day.

At the banquet board Major T. S. Blush presided as toast master in a most graceful and acceptable manner. The following toasts were responded to: "Indiana Brigade, U. R. K. of P." Major Allen W. Clark, of Greensburg, "Success Company, No. 76." Capt. G. G. Graessle.
"Our Knightly Visitors," Capt. J. A. George, of Columbus.
"The Press," Chas. W. Burkart, Seymour News.
Selections from Riley, Edward A. Remy.
"Our Host," Dr. L. M. Mains.

All of the toasts, though wholly impromptu, were attentively listened to and quite generously applauded. As the hour grew late the banqueters lingered about the board engaging in merry conversation and song and otherwise adding to the enjoyment of the event. At 1:15 a. m. the company arose from the table, formed in line and under the command of Capt. Graessle marched back to Armory Hall where this very pleasant social event was formally ended.

The visitors present were Major Allen W. Clark, of Greensburg, Capt. J. A. George, Lieut. R. D. Sanders, Charles Bray and E. B. Snively, of Columbus. Members of the local press present at the banquet were C. S. Mercer, C. W. Burkart, Jay C. Smith and E. A. Remy.
No one enjoyed the occasion more than Capt. Graessle, who is proud of his company and takes delight in his duties as their commanding officer. He holds the fullest confidence of every member of the company so that perfect cooperation is possible.
Seymour may well take pride in Success Company No. 76, U. R. K. of P.

ARE YOU TO LIVE IN ALASKA?

Some Requirements that will be Found Indispensable.

The universal article of diet in that country, depended upon and indispensable, is bread or biscuit. And to make the bread or biscuit, either in the camp or upon the trail, yeast cannot be used—it must be baking powder; and the powder manufactured by the processes of the Royal Baking Powder Company, miners and prospectors have learned, is the only one which will stand in that peculiar climate of cold and dampness and raise the bread and biscuit satisfactorily.

There facts are very important for every one proposing to go to Alaska and the Yukon country to know, for should he be persuaded by some out-fitter to take one of the cheap brands of baking powder, it will cost just as much to transport it, and then when he opens it for use, after all his labor in packing it over the long and difficult route, he will find a solid caked mass or a lot of spoiled powder, with no strength and useless. Such a mistake might lead to the most serious results. Alaska is no place in which to experiment in food, or try to economize with your stomach. For use in such a climate, and under the trying and fatiguing conditions of life and labor in that country, everything must be the best and most useful, and above all it is imperative that all food supplies shall have perfect keeping qualities. It is absurd to convey over such difficult and expensive routes an article that will deteriorate in transit, or that will be found when required for use to have lost a great part of its value.

There is no better guide to follow in these matters than the advice of those who have gone through similar experience. Mr. McQuesten, who is called "the father of Alaska," after an experience of years upon the trail, in the camp, and in the use of every kind of supply, says: "We find in Alaska that the importance of a proper kind of baking powder cannot be overestimated. A miner with a can of bad baking powder is almost helpless in Alaska. We have tried all sorts, and have been obliged to settle down to use nothing but the Royal. It is stronger and carries further, but above all things, it is the only powder that will endure the severe climatic changes of the arctic region."

It is for the same reasons that the U. S. Government in its relief expeditions, and Peary, the famous arctic traveler, have carried the Royal Baking Powder exclusively.

The Royal Baking Powder will not cake nor lose its strength either on board ship or in damp climates, and is the most highly concentrated and efficient of leavening agents. Hence it is indispensable to every Alaskan outfit. It can be had of any of the trading companies in Alaska, but should the miner procure his supplies before leaving, he should resist every attempt of the out-fitter to palm off upon him any of the other brands of baking powder, for they will spoil and prove the cause of great disappointment and trouble.

CHURCH NOTES.

Elder Thomas Jones went this morning to Knox county to hold a series of meetings.

Y. M. W. C. A. meets Sunday afternoon at the Christian church. A special program is being prepared. Come and bring your friends.

Many of our people were at Rockford last night to attend the big revival being conducted by Miss Mills and Rev. Schroyer. The house is crowded at ever coming together and many have been converted.

A very large congregation heard Evangelist McKee last night on "The Three Crosses." There were seven who made a stand for Christ. The services were deeply impressive throughout. Services again tonight at 7:30. Come early so you can get a good seat. Doors open at 6:30. Mr. McKee will preach Sunday morning and evening and also Sunday afternoon at 3:30 to men only on the "Mysteries of Life."

Relic of the Madison Branch.
Trench diggers at the corner of Fifth avenue and Washington street yesterday afternoon unearthed a "mud sill," a relic of the old Madison and Indianapolis railroad.

The railroad ties of the road were first laid on heavy beams or "mud sills." This was necessary on account of the softness of the ground. This sill is of beech timber. The bark is still on the log which is in good state of preservation. It has been in the ground probably since 1844 when the road was first brought to Columbus. This was the first railroad built in Indiana.—Columbus Republican.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it cures that disease of all dangerous consequences. It is especially prized by mothers for their children as it never fails to effect a speedy cure, and because they have found that there is not the least danger in giving it, even to babies, as it contains nothing injurious. How to Do More Business.

If you wish to be on the wave of prosperity, get along with the shrewd advertisers who use the mediums.

Pick out some successful advertiser—and he is always a successful business man—and watch how he does it. In that way you can get a pretty fair idea of how to do it yourself. Many good advertisements are applicable to more than one line of business, so you may be helped in more ways than one. Rest assured that what advertising has done for others it will do for you if rightly handled. Any way, if you want to do more business you must do more advertising.

COURT NOTES.

The suit of Grimes against Byrum and Anderson was tried in the circuit court yesterday and taken under advisement.

Circuit court adjourned last evening till Monday morning. Judge Voyles went from here to his home at Salem last night. He informed us that the court will finish the business before it in four days.

Many People Cannot Drink Coffee at night. It spoils their sleep. You can drink Grain-O when you please and sleep like a top. For Grain-O does not stimulate; it nourishes, cheers and feeds. Yet it looks and tastes like the best coffee. For nervous persons, young people and children Grain-O is the perfect Drink. Made from pure grains. Get a package from your grocer today. Try it in place of coffee. 15 and 25c.

CHURCH NOTES.

Rev. S. H. Huffman went last evening to Hope on important Sunday school business. Mr. Huffman is one of the most efficient Sunday school workers in the country.

Rev. C. Wisner, who has ministered to the people of the German Lutheran church of Crothersville for the past years, has resigned the charge. He is well known in Seymour.

Give the Children a Drink Called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder and children, as well as adults, can drink it with great benefit. Costs about 15c per package. Sold by all grocers.

BUSINESS NOTES.

J. E. Erum and wife are here from Richmond on business.

J. G. Lewis came here from Bedford last evening on business.

Mrs. John Justis, of Hayden, came Friday to purchase clover seed.

J. H. Hodapp today shipped 200 bushels of clover seed to Louisville.

Joe Klosterman went to Cincinnati last night on business for the Panta Factory.

The Hominy Mill Company yesterday shipped three cars of fine bolted meal east.

James A. Nelson, a well to do farmer west of Crothersville, came up last evening on business.

Oral D. Sands and Miss Myrtle Sands of Lafayette, came here last night on special business.

Attorney George W. Warmouth, of Indianapolis, who has been here on business went to Scottsburg last night.

W. H. Reynolds and J. F. Keach, of Tampico, brought over two tons of butter, eggs and poultry here Friday and sold it readily at good prices.

H. W. Godfrey and J. H. Hodapp came home last evening with a fine lot of Mallard ducks which they killed near Shields. They are among our best shots.

Don't.

That is what Perry S. Heath, First Assistant Postmaster General says to the people. He has sent out orders to postmasters to post up in their offices the following notice:

"Don't mail your letters or valuable packages without paying your own address written or printed in the left hand corner. (Give the street number and post station in large cities.) This will insure its return to you if not delivered and will prevent its being sent and opened at the dead letter office."

It would be very easy for all to follow this advice of the Assistant Postmaster General if they would call at the RECEPTION office and get printed return envelopes ranging in price from \$1.50 to \$3.00 a thousand. Printed return envelopes will save lots of trouble, and when such envelopes cost so little all should avail themselves of the opportunity to get them. We can also furnish letter heads, note heads, statements, and various grades at reasonable prices. Call and see us and see our stock.
